TRANSFER OF SIGMA GAS)	
CORPORATION STOCK)	

O R D E R

On February 19, 1998, the Commission received a Petition for Transfer of Stock relating to the above corporation. Therein the Commission was advised that one of the shareholders, Grady Conley, had died and, under a stock restriction and buy-sell agreement which was filed with the application, his shares could be purchased by an existing shareholder under the terms specified in the agreement. Estill Branham, the owner of 100 shares, proposes to purchase all of the outstanding shares of the stock formerly owned by Mr. Conley, giving Estill Branham the ownership of 550 shares of stock and 55 percent control of the company.

No person appeared in opposition to this request and the Commission being fully and sufficiently advised in this matter,

IT IS ORDERED that the transfer of shares of stock from Grady Conley to Estill Branham is hereby approved. Estill Branham is hereby directed to file evidence with this Commission of the consummation of the transfer of shares of stock within 30 days of such consummation.

Done at Frankfort, Kentucky, this 16th day of April, 1998.
